

SAN FRANCISCO WINS IN HOUSE

HARD FIGHT IS MADE—259 VOTE IN FAVOR OF GOLDEN GATE CITY

Washington, Jan. 31.—The House of Representatives by a vote of 188 to 159 today decided in favor of San Francisco and against New Orleans as the city in which an exposition to celebrate the opening of the Panama Canal in 1915 shall be held. This vote was taken on a roll call to determine whether the San Francisco resolution or the New Orleans bill should have consideration in the House. On a final vote the San Francisco resolution was passed by a vote of 250 to 48.

The advocates of San Francisco are claiming tonight that their fight is won and that the Senate will ratify the action of the House.

San Francisco won by capturing the Republican vote in the House. New Orleans' support came from the Democrats. Only thirty Republicans voted for New Orleans. Thirty-six Democrats voted for San Francisco.

The San Francisco resolution does not ask for government aid in any form. It simply authorizes the President of the United States to invite foreign nations to participate in the fair.

An effort to amend the resolution to include provisions for an international naval parade from Hampton Roads, through the Panama Canal and up the West coast was defeated on a parliamentary point of order.

The New Orleans bill called for an appropriation of \$1,000,000 for a government exhibit and the creation of a government commission.

Pneumonia Follows a Cold.

But never follows the use of Foley's Honey and Tar, which checks the cough and expels the cold. M. Stockwell, Hannibal, Mo., says, "It beats all the remedies I ever used. I contracted a bad cold and cough and was threatened with pneumonia. One bottle of Foley's Honey and Tar completely cured me." No opiates. Just a reliable household medicine. For sale by N. H. McCallum. 3-1

Fair tonight and Thursday; unsettled and colder in north portion.

TRADES EXTRAVAGANZA

The preliminary arrangements are about completed for the Trades Extravaganza that is to be presented at the Elite theatre on the night of February 17th.

The name, "Trades Extravaganza" is rather mystifying and suggests but little of what may be expected, but when within the next few days our very best local talent are solicited to take part in this unique entertainment wherein they will represent nearly half hundred of Dothan's progressive business firms, some conclusions can be arrived at, but not until it has been seen can this wonderful performance, that is replete with breezy stunts and features, in reality be understood.

Another assurance that this attraction will be all that is claimed for it is, it is given under the auspices of the Ladies Aid Society of the Presbyterian church.

A more detailed account will be given later.

NEGRO DEAD OF HICCUGHS

The negro drayman who has been ill since Saturday with hiccoughs, died yesterday, and never showed any signs of improvement through his illness.

He was taken with the malady Saturday and since that time has not ceased to hiccough. He died yesterday afternoon after suffering intensely for several days.

R. J. MORRIS.

News reached the city this morning of the death of Mr. R. J. Morris which occurred last night at his home in Newberry, Fla. Mr. Morris has been in bad health for several months and his death is due mostly to old age. He was the father of Mr. H. J. Morris of Dothan who was present at the time of his death. Mrs. Morris left last night for Newberry. The Criterion Theatre of which H. J. Morris is proprietor will be closed today and tonight on account of the death.

They have the sympathy of many Dothan friends.

Can you draw a goose?

A NEW FIRM.

Dothan is to have another business, just opened up today. The Williams Tailoring Co., has located in Dothan and will ask for a part of the patronage from the public.

Mr. Williams, the head of the firm, comes to Dothan from Montgomery, and has had years experience in tailoring clothes for a particular public, and feels that he ought to come in for a part of the business in this town and territory.

The business will be located at present over Smith's drug store, and the public is cordially invited to call and look through.

Mrs. O. M. Hill requests each member of the City Improvement Club of ward three, and also others who are interested in the work, to meet at her home on next Friday afternoon at 2:30.

Editor B. Z. Hamrick, of Ashford, spent this afternoon in Dothan looking after business matters.

Dr. Mal Newton, of Southport, Fla., was in Dothan this afternoon.

WOOD ALCOHOL—A WARNING (By Gordon Lloyd, M. D.)

During the past week two deaths due to drinking wood alcohol were reported in one city alone. The writer had thought that every one was familiar with the deadly nature of this poison, and that no one would be likely to risk drinking it now-days. But evidently the toxic properties of wood alcohol need further reiteration and publicity. In these days of prohibition convivial spirits of limited information, it seems, are still wont to partake now and then of methyl alcohol in default of the real thing.

Possibly it may be urged by some that any one who is fool enough to drink wood alcohol would not be much missed. But there is a danger even in handling the drug. For we are told the vapors of wood alcohol are likely to injure the eyes. And one of the results of drinking it is permanent blindness, in cases which survive the dose. So small a quantity as five teaspoonfuls has caused blindness; and less than half a pint has caused death.

The government uses wood alcohol to "denature," or render unfit for drinking, the denatured grain alcohol that may now be bought at

ATLANTA BROKER HAS DISAPPEARED

SHELBY, N. C., Jan. 31. Telephon Smith Cuyler, a broker of Atlanta, disappeared from a train between Rutherfordton and Charlotte this morning and has thus far succeeded in eluding the officers of half a dozen counties who are trying to locate him. Judge E. C. Kontz, h Atlanta attorney, is conducting the search.

Cuyler, it is understood, wired Judge Kontz from Washington to meet him in Shelby. The broker arrived Sunday at Kings Mountain the first station south of this place, on a Southern Railroad passenger train and leaped from the train while it was moving. Local officers arrested him as a suspicious character. He put up \$22,000 in Rock Island bonds as security drove to Shelby and took a train for Rutherfordton where he entered a hospital. He is alleged to have said at the hospital detectives were on his trail and if they caught him and attached his bonds he would be a pauper.

Sheriff McMillin on wire advices from Atlanta this morning located Cuyler in the Rutherfordton hospital and went there to bring him to Shelby. Near Bostle, the connection of the Caroline, Clinchfield and Ohio railroad, Cuyler disappeared from the train. Judge Kontz, who arrived here from Atlanta later, searched in vain for the missing man. It was learned tonight that Cuyler bought a ticket for Johnson City, Tenn., and Judge Kontz and Sheriff McMillin have gone in pursuit. Cuyler's bonds were restored to him.

Lost—Overcoat with "Presto" worked on inside pocket. Finder will be rewarded by returning to this office.

WILL LEE IN BETTER.

Will Lee who has been confined to a Tampa sanitarium suffering blood poison is reported feeling much better and is gradually recovering from the painful wound caused by sticking a nail in his foot. With him in Tampa are his father D. C. Lee, his brother Walthugh Lee and uncle L. C. Edwards who have also been in Thonolassassa.

thirty cents a gallon for manufacturing purposes. A very little wood alcohol added to the grain spirits is enough to make the mixture sufficiently unhealthy to satisfy Uncle Sam. It is claimed by a recent German investigator that the poisonous properties of wood alcohol are due entirely to impurities which the wood alcohol always contains. But it would seem that a perfectly pure wood alcohol is hard to manufacture and it is not likely that we shall ever have to revise our liquor laws so as to include methyl alcohol.

The man who drinks wood alcohol has one consolation; he gets his drunk, just as from grain alcohol, only a great deal more so. Of alcohols there are a score or more besides the two mentioned here, some of them being solids; but there is one property common to all alcohols; they are one and all poisonous.

As to the treatment of wood alcohol poisoning, the text books are reticent. But the first step is to get the poison out of the stomach by inducing that organ to empty itself, and the next is to administer hot drinks of stimulating nature, and to apply cold water to the face as a stimulating shock to overcome the stupor. It might be worth while also to send for the doctor, who may inject strychnine and start up artificial respiration.

KANSAS WOMAN HELPLESS
Lawrence, Kas.—Mr. J. F. Stone, of this city, says, "My wife suffered for ten years from womanly troubles, during two years of which she was totally helpless. She was examined by many physicians, some of whom gave her up to die. Finally she began to take Cardui, and since then has greatly improved in health. The tonic, strengthening, and restorative effects of Cardui, the woman's tonic, on the womanly constitution, are the most valuable qualities of this popular medicine. Cardui acts specifically on the womanly constitution. Half a century of success proves that Cardui will do all that is claimed for it. Try it for your trouble."

BIG LUMBER PLANT BURNS AT GORDON

COLUMBIA WILL HAVE FREE DISPENSARY

Dr. J. Frazor Orr returned to the city last night from Columbia where he spent yesterday launching a campaign in that city against book-worms and establishing a free dispensary for the treatment and examination of subjects.

The dispensary will be a branch of the Dothan dispensary and will be in operation by Dr. Orr every Monday. This was the first time the campaign was in action in Columbia and they appear to have taken interest in the work.

Mrs. W. P. Bray returned this morning to her home in Marwil, after a short visit here to relatives.

J. S. Calloway, from Newton, was a business caller to the city Tuesday night.

Can you draw a goose?

FIRE THIS MORNING CAUSES A BIG LOSS TO MARBURY LUMBER CO.

Fire this morning at 2 o'clock destroyed the saw mill of the Marbury Lumber Company near Gordon. The loss is estimated at \$10,000. The planning department, fortunately, was saved. The fire is thought to be of incendiary origin, and Sheriff B. O. Hly was notified this morning. He left with the track dogs to investigate the matter.

The Marbury Lumber Company is one of the largest in the country. Mr. W. S. Wilcox, of this city, who is a member of the firm returned to his home this afternoon.

OUT AFTER STREET TAX.

Chief Dominguez began this morning collecting street tax about the city and had a successful morning. He states that he has received orders from the mayor and council to collect them all now or send the non-payers to court. He expects to wind the business up in a few weeks and will wait up no one for the city needs the money.

Crosby, Ala., Jan. 12, 1911. The Dothan Guano Company, Dothan, Ala.

Gentlemen—I cultivated last year two acres of land and gathered 130 bushels of corn from same. I used three sacks of Grange Mixture on these two acres and no other fertilizer. I regard this brand well suited to the land of this section. Yours truly, Z. Williams.

Telephone No. 119

Wednesday, February 1, 1911

If this weather holds out many more days, we can not promise much for the fruit crop.

Hopely isn't confined to one particular locality or class. You may stumble upon it anywhere.

Capt. Peter Hains has decided to resign his commission from the army, as he has an engagement of several years yet, serving a sentence for murder.

It is said that Portugal pays her ex-king \$2,000 a month to stay away. Since that is the case, then we withdraw our invitation for him to come to America and seek employment. We could hardly raise this bid until we looked into his ability.

It just about be Montgomery and Mobile's luck to have to go through the formality of voting on a local option measure.

The hauling of the Constitution and Journal before the federal authorities in Atlanta the other day is a complete acquittal of both papers from any charge of trying to defraud the government, and brought out something more. The Constitution comes out with a nice complimentary article about the Journal, something that the public hasn't seen for ages.

SEEKING THINGS.

Another mare's nest has been located by the boys who make political history when politics grow dull in Montgomery. Walter Seed is to run for governor next time on the prohibition platform, and Capt. Hobson is referred to as a factor, but they will fail to state what part he will play.

Ordinarily you cannot put too much faith in such reports, but some how we don't feel that the political prognosticator is far wrong. It is likely that local option will prevail in Alabama, and during the next four years we can see what the sale of whiskey will do for us. At the end of that time, the state may be ready to take prohibition.

There is no telling what things will be discovered during the next four years.

THEY WERE BAD HAMS.

In yesterday's paper we had something to say about Mr. S. R. Braekin of near Headland, who brought a load of hams to town and sold them out like hot cakes.

For a long time, we have looked with wonder upon the man who offers for sale country sausage, for we have never seen any excuse in selling them unless the family should happen not to love them, which is seldom the case.

This man, we knew, was in good shape financially, and we wondered a little why he should be selling hams that go good on the table three times a day for 365 days in the year.

The reason was discovered after he had sold the hams, for some of them were badly spoiled, and was but natural that he wanted to get rid of them, and hearing of Dothan's market he came here to sell, and sold them.

The housewife of Dothan will take a cotton sampling auger and bore into all hams they buy hereafter.

CARNEGIE'S MILLIONS NOT CURSED.

It is alright to talk about talented millions, but no man's money is cursed when it is devoted to helping his fellow-men.

Within a month Andrew Carnegie has given \$20,000,000 to the cause of humanity.

The world's peace and the pursuit of science are the two ends he has last considered.

To the Carnegie Institute of Rochester, in Washington, he had al-

ready given \$15,000,000, and the \$10,000,000 added last week but projects the work of scientific research still further.

He can reap no possible benefit from his benefaction. He cannot personally profit by his gifts. Mankind can, however, and mankind has profited to a vast extent already.

When money is devoted in this way who is there who can, down in his heart, feel that such money is cursed with taint?

The pursuit of knowledge is a pursuit which should interest us all. Every new discovery lightens the burden of mankind.

Each adds to the enlightenment of the world.

Like all of his conditions and gifts the last have been for a practical purpose. Accompanying it he but modestly points to some of the achievements already gained through the Institute of Research. The utilitarian advantages which seem to have pleased him most are the works accomplished by the non-magnetic yacht and Mount Wilson Observatory.

The non-magnetic yacht was built with out iron or steel. It is absolutely non-magnetic. There is nothing about the ship which can possibly attract magnetic currents or af-

fect the instruments of observation. It is used to revise the charts of the seas. This has been impossible heretofore, for the simple reason that no such ship was believed possible.

Already it has added immensely to the safety of those who go down to the sea in ships.

His latest discovery, or that of the institute, which has not finally been announced, is the discovery of a formula for the manufacture of Portland cement.

Now that lumber is becoming a scarce commodity, and cement is being largely substituted for brick and stone, to overcome the long standing difficulty of securing certain comparatively rare deposits it is necessary to discover a substitute. The institute claims to have solved the perplexing problem.

The Mount Wilson Observatory has the honor of having discovered 60,000 new worlds in the last five years. Great promises for new discoveries in the heavens are held forth.

When money is so lavishly expended for the good of the human race certainly it cannot be considered cursed.

—Commercial Appeal.

IT'S THE SAME WITH DRUGS

The woman who begins to cook has all kinds of trouble at first. No matter how carefully she follows the receipt, her biscuits are flat until she learns the knack of mixing them just so.

A prescription is just as easy for a druggist to fill as it is for a housewife to measure out flour and sugar for a receipt, but it is necessary that a prescription be filled just so in order to get proper results. Ask any doctor if this isn't the truth, then get your prescriptions filled here. We know how to do it "just so" and you will get the results intended.

FINAL Kid Glove Sale

Kid Gloves carried from one season to another in Dothan are an absolute loss. The skins will spot and become worthless. We prefer to close them out this week at the ridiculously low prices as follows:

WE OFFER

All \$1.00 Kid Gloves at	65cts.
All \$1.25 Kid Gloves at	79cts.
All \$1.50 Kid Gloves at	\$1.13.
All \$3.00 Long Kid Gloves	\$1.69.
All \$3.50 Long Kid Gloves	\$2.19.

This is far below import cost. Every pair made in Grenoble, France,—the home of the World's Kid Glove industry—not one single pair in our entire stock reserved.

"CORRECT DRESS FOR WOMEN"

Announcement!!

We beg to announce that The Williams Tailoring Company is now open for business at 11 1-2 E. Main St., (over Smith's Drug Store) with a full line of Spring and Summer Woolens.

It is our great desire to have you as one of our customers, and we will assure you that your patronage will be highly appreciated, and our every effort will be to please you in every way.

We wish to say that our line of Woolens has been selected with the greatest care, and is up-to-date in style, wearing qualities and durability, and is second to none in Dothan, or elsewhere.

After ten years experience in the business, we feel that we can guarantee you perfect satisfaction in regard to fit, style and individuality, and each and every customer will have our personal interest, and service at all times.

We are glad to announce that we have secured the services of Miss Willie Mathews, whose work in alterations is well known to you, having had four years experience in this work in Dothan, and she will appreciate the patronage of her old customers, whom she has endeavored to please at all times. She also makes a specialty of altering ladies garments, and the ladies of Dothan will find her work thoroughly satisfactory.

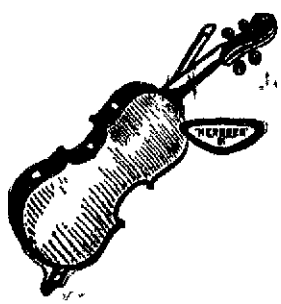

Before making your purchase, call and look over our line, and satisfy yourself, and we will do all in our power to please you, and assure you that your patronage will be appreciated.

Yours to serve,

W. H. Whaley

EVERY LITTLE BIT HELPS.
"Is there anyone present who wishes the prayers of the congregation for a relative or friend?" asked the minister, according to an exchange
"I do," says the angular lady who arises from the rear pew "I want the congregation to pray for my husband."
"Whv sister Al—" the minister "Yes, but I—in an pray for—"
A FREQUENT SPEAKER
A member for a Northern constituency who was one day reproached by a disappointed supporter for not opening his mouth in the House repudiated the accusation with indignation, says Tit Bits. Not a day passed, he declared, but that he said something, and it was reported in the papers too. In confirmation of his statement he produced the report of the last debate and pointed triumphantly to the "Hear, hear" with which certain speeches were punctuated "That's me," he said.
